"A true break-through in dispensing medications, we have standardized on CODAmeds™ Dose Dispensers for managing all of our home care cases."

Larry Anderson, General Mgr., Home Care Services – Los Angeles, CA

"The CODAmeds™ Dose Dispenser has the sleek iPhone Apple phone like design. It's good looking sitting under my kitchen cabinets or on my bathroom countertop. Its 9" x 6" size takes up little counter space. I really recommend the CODAmeds™ Dose Dispenser to anyone."

Steve Williams, Retired - Big Bear, CA

"I have health conditions that must be maintained daily. The CODAmeds™ Dose Dispenser on my kitchen counter along with my cell phone reminds me to take all my pills with my pharmacy App alarm alert program. I have no hassles taking pills since the CODAmeds™ Dose Dispenser is separating them into two sizes in dose cups to swallow easier individually."

Norm Smith, USO Advocate - South Gate, CA

"For me the CODAmeds™ Smartphone-App guide to access popular Pharmacy Apps for wellness programs makes it really easy using a CODAmeds™ Dose Dispenser to remember when to take all medications."

Justin Alberthal, Computer Programmer - Frisco, TX

"I love how the CODAmeds™ Dose Dispenser helped me by staying on top to manage medications. The CODAmeds™ Dose Dispenser program really works with my Smartphone Prescription App reminder program to take my daily pills."

Chad Billings, Real Estate Sales - McKinney, TX

"The CODAmeds™ Dose Dispenser makes my life simple with easy to fill pill cartridges. The single flip-top lid opens wide for all of the days from Sunday to Saturday while the morning, noon and night cartridges makes it fast to fill the time periods too. Dispensing is just as easy while keeping track of pills is a snap with the visible pill drawers."

Mary Kleven, Housewife - Las Vegas, NV

"After using the CODAmeds™ Dose Dispensers, pharmacies everywhere should carry it because it fits perfectly into anybody's program improving overall wellness—it's a team effort to help take prescriptions on time and reorder them. That's an ideal solution for me and any pharmacy that cares."

Robert Anderson, Real Estate Appraiser - Phoenix, AZ

"Thanks to the CODAmeds™ Dose Dispenser I can swallow their pills without choking on them because it divides up the pills into two small dose cups as large and small sizes. You don't have to sort them apart so now they can all be easily taken."

Lauren Anderson - Dallas, TX

"I've have problems with my weekly kitchen table chore. It's a pain to fill up little flip-top pill boxes while spilling, dumping and rolling pills out onto floors, under tables or chairs and that's before taking them. The CODAmeds™ Dispenser has larger, easy fill pill cassettes for sorting, storing and dispensing pills into two small dose cups."

Donald Dickey, Businessman - Dallas, TX
